

INSTITUTE OF TECHNOLOGY GOPESHWAR

(A Constituent Institute of Uttarakhand Technical University Dehradun)

Government of Uttarakhand

Approved by AICTE, MHRD, New Delhi

ANNUAL REPORT
2019-20

***“Education finds it’s Way Better,
when it’s Identity Embossed over Society”***

Preface

This report highlights the contribution of an Institute who pledge to deliver the best to their stake holders and the society, beyond its affinity through non-dissolving vision and non-staggering mission. Where, the challenges are greeted and solutions are stated in more dynamic and inclusive manner.

This annual report entails numerous sections, which comprises Department profiles, workshops organized by the institute, initiatives under Vision India, Industry interaction initiatives along with the placements observed, activities under TEQIP-III, Twinning activities with mentor institute, NPTEL courses along with ACTIVE member classification, Center for Innovation and Startup activities, Intellectual property rights, GATE classes and results, Research related acquisitions along with publication observed in academic year 2019-20.

As the enthusiasm is the only key towards synthesizing, hence, the self-correction after observations leads an institution towards success, where results is not only the reflection of success.

Contents

Section 1

Introduction to the Institute

1.1 An overview of the Institute.....	2-6
1.2 Institute Details	6
1.3 Scope of the Institute	7
1.4 Objectives	7
1.5 Education System and Registration.....	7
1.6 Our Philosophy	8
1.7 Output Indicators	8
1.8 Administration.....	9-11
1.9 Financial Details.....	11
1.10 Central Library	12-13
1.11 Gymnasium and Yoga Center	13

Section 2

Departments and their Profiles

2.1 Department of Civil Engineering.....	14-15
2.2 Department of Mechnaical Engineering	15-16
2.3 Department of Electrical Engineering	17-19
2.4 Department of Electronics and Communication Engineering.....	19
2.5 Department of Computer Science and Engineering	20-21

Section 3

Projects and Schemes Sucessfully Implemented under Vision India

3.1 Center for Innovation, Design and Startup	23
3.2 Recent Events Organised and Participated.....	24-29
3.3 Unnat Bharat Abhiyan.....	30
3.4 Swayan (NPTEL)	30
3.5 Pradhan Mantri Kaushal Vikas Yojana (PMKVY) Department of Computer....	30
3.6 Intellectual Property Rights.....	31

Section 4

Industrial Connect, MoU and Campus Placements

4.1 ICC and MoU with Industry.....	33
4.2 Internship Cell and Intership to Students	34
4.3 Campus Placements Unnat Bharat Abhiyan	34-35

Section 5

Initiatives towards Quality improvement of Technical Education under TEQIP-III

5.1 PDT Training, Conferences, Trainings, Workshops and Short Term Courses Attended undeter TEQIP-III by Faculty and students.....	37-42
5.2 Induston Training for First Year Students	45
5.3 NBA	46
5.4 GATE Classes	46
5.5 Employability Skill training.....	50-51
5.6 Twinning Activity under TEQIP-III	50-51
5.7 Sanctioned Projects.....	52-53
5.8 Environment Management Framework.....	53

Section 1

“Introduction to the Institute”

Vision:

“To be at par excellence in Technical Education and to provide valuable resources to the society.”

Mission:

“To create a center for Technical Education of International Standards and to serve the people of Uttarakhand and the world through preeminence in imparting quality knowledge, academic values and developing professionals of excellent intellectual capabilities.”

Annual Report

Annual report highlights the work that Institute of Technology has done during 2019-20. This report includes the contribution made by different departments and their main achievements. This comprehensive document is a collection of work done by various departments and centers of the Institute. It helps to identify and encourage the people and factors who have done remarkable work, and tries to determine the areas where scope for further improvement exists.

1.1 An Overview of Institute

Institute of Technology, Gopeshwar was founded by Govt. of Uttarakhand, Department of Technical Education under Act. 2005. This institute is among the four constituent institutions of Uttarakhand Technical University (UTU), Dehradun. These institution caters the objective of Government of Uttarakhand to promote and aware of technical education among the socially, economically unaware or weaker sections of the society. Established in 2013, Institute of Technology, Gopeshwar is rapidly moving towards being one of the most respectable technical institutes in the state. IT Gopeshwar runs in self finance mode where supported under TEQIP III since 2017. IT Gopeshwar takes pride in being the only Engineering institute, that rise exponentially since inception in Chamoli district. It is situated in the calm and peaceful locale of Garhwal.

Fig.1 Scenic View of Institute of Technology Gopeshwar

IT Gopeshwar has almost 600 students of which there are locals as well as students from other states which make it a highly sought out institute. Our college conducts annual placement drive and we are proud to say that many of our students got placed in high positions and good organizations. IT Gopeshwar began its journey with five branches viz. Civil Engineering, Computer Science & Engineering, Electrical Engineering, Electronics & Communication Engineering and Mechanical Engineering with an intake of 60 in each branch.

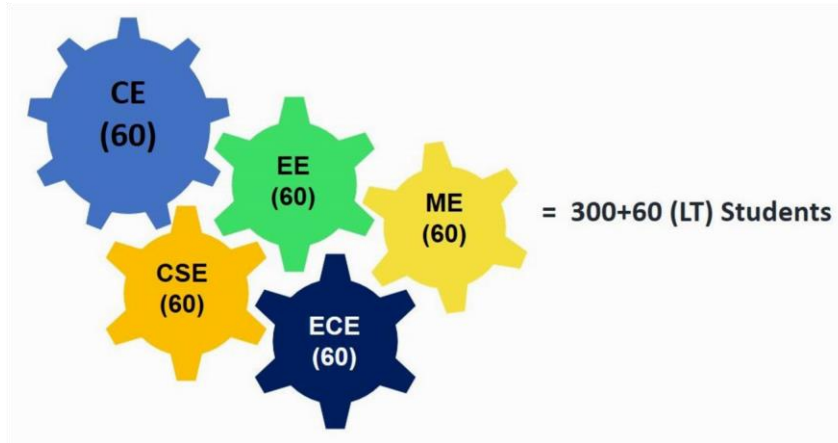

Fig. 2 Total intake of students

a) Student Strength in Respective Branches

S.No.	Branch Name	Actual Intake
1.	Computer Science and Engineering	134
2.	Mechanical Engineering	82
3.	Electrical Engineering	71
4.	Electronics and Communication Engineering	29
5.	Civil Engineering	197

Total number of students - 512/1200

All the branches obtained the approval of the All India Council for Technical Education (AICTE), under Ministry of HRD, New Delhi in the year 2015-16 and successfully renewed in all subsequent years. All the departments have well qualified faculty members and excellent infrastructure facilities.

Branch	4 th Year	3 rd Year	2 nd Year	1 st Year	Total
CSE	41	25	37	31	134
ECE	11	6	4	8	29
ME	50	14	12	6	82
EE	32	13	19	7	71
CE	70	49	57	21	197

b) Exam Result Analysis

Institute of technology, Gopeshwar is a constituent college of Uttarakhand technical university, Dehradun (UTU). Examinations are conducted in the end of each semester by UTU. While examination takes place in the institute and evaluation is done at university level by subject experts. In each semester both practical as well as written exam are conducted. Internal examination of each subject is also done at institute level. Year wise status of examination performance of students in all branches are mentioned in the tables furnished below.

7th Semester

Branch	Total Student appeared for examination	Total Student With backlog
CSE	41	0
ECE	11	2
ME	50	4
EE	32	8
CE	70	10

5th Semester

Branch	Total Student appeared for examination	Total Student With backlog
CSE	25	5
ECE	6	1
ME	14	3
EE	13	6
CE	49	31

3rd Semester

Branch	Total Student appeared for examination	Total Student With backlog
CSE	37	18
ECE	4	4
ME	12	12
EE	19	9
CE	57	15

1st Semester

Branch	Total Student appeared for examination	Total Student With backlog
CSE	31	20
ECE	8	7
ME	6	5
EE	7	5
CE	21	16

1.2 Institute Details

Name: Institute of Technology, Gopeshwar

Category: Undergraduate in Engineering & Technology,

AICTE Permanent ID: 1-2471433431

Current Application ID: 1-3511693700

Address: Institute of Technology, Gopeshwar

Kothiyalsain, Chamoli

Uttarakhand-246424, Ph. No. 01372-262244, itgopeshwar@gmail.com,

Website: www.itgopeshwar.ac.in

Affiliating University: Uttarakhand Technical University, Dehradun

Fig. 3 Institute Google map address

Google Address: <https://goo.gl/maps/MSqDYPYzysdLz7MA8>

1.3 Scope of the Institute

Uttarakhand is a state rich in natural resources and the people of the state maintain complete harmony with nature. Natural resources are used in benefit of mankind and are utilized so as to maintain complete ecological balance and ensure maximum industrial development. IT Gopeshwar is working towards providing technically qualified manpower and providing graduates so that the demand and supply of resources is not fractured.

In addition to the core sectors, industrial growth in IT sector is also in full swing in the State. As a result, requirement of graduate engineers in these sectors will be more than the current annual output i.e. passing out

engineering graduates. IT Gopeshwar caters to this demand by providing efficient graduates.

1.4 Objectives

The focus of the institute is to impart high class technical education and to create skilled engineers for providing services to community and make them aware of critical or climacteric problems which may be social, economic or technical in nature and also provide technical solutions in rural, urban and agriculture as well as tourism sector. The target of Institute is to structure academic programs towards State/National development, produce technical human resource and interact with the Industries for development of the society.

1.5 Education System & Registration

The B. Tech program in our institution follows semester pattern and Credit based teaching system. Academic year is divided into Even and Odd Semesters. For students, at least 75% attendance in lectures, tutorial and practical is mandatory for each semester. Attendance is strictly monitored and grades are awarded on the basis of which it is decided whether a student should be allowed to sit for semester exam. Each semester, students register themselves and this is at departmental level under the supervision of the Head of the Department.

1.6 Our Philosophy

a) Students Growth

Institution's aim is to provide students with training to make them capable to think beyond academics and gives lot of emphasis on helping students identify and develop their potential.

b) Best learning practice

Educational research has concluded that the learning styles of many engineering students don't match with the teaching styles of most

engineering professors. It is our belief that the solution to this problem is to improve education by making it more appealing, motivating and rewarding for students.

c) Focus on targets

IT Gopeshwar will graduate academically superior students prepared for professional success.” These on-going efforts to document and improve student achievement are linked to the academic programs. IT Gopeshwar students have the option to target their studies toward a specific field of interest.

1.7 Output Indicators

- a) Participation of students in events organized by premier institutes and university across country.
- b) Addition of modernized apparatus and laboratories.
- c) Increase in participation in short term courses, seminars, workshops and Faculty Development program.
- d) Establishment of Center for Innovation and Startups along with Industrial innovation council by MIC, AICTE.
- e) Successful participation in ATAL Innovation Ranking 2019.
- f) Establishment of Intellectual Property cell.
- g) Selection of three teams in Smart India Hackathon 2019.
- h) Increase in successful completion of NPTEL courses and became ACTIVE Local chapter consecutively in row.
- i) MoU with industries and internships with various renowned industries.
- j) Induction workshop for First year students organized every year.
- k) Administrative reforms.

1.8 Administration

Director of the Institute:

Prof. (Dr.) Krishan Kant Singh Mer

(Ph.D. Mechanical Engineering, IIT, Roorkee)

Dr. KKS Mer, holding the chair as Director of the Institute since February 2013, and in his dynamic guidance and inspiring gesture the institute grows from an inauguration stone to the mile stone in a petite period of time.

The institute is governed by the governing body constituted by Uttarakhand Government and the board members are as follows,

- a) Prof. B.S.Bisht, Ex. Vice Chancellor, GBPUA&T, Pantnagar, Presently Director
BIAS Bhimtal, Uttarakhand (**Chairman**)
- b) Additional Chief Secretary, Technical Education,
Government of
Uttarakhand. (**Vice-Chairman**)
- c) Prof. K.B. Naik, Ex. Director, KNIT, Sultanpur, Lucknow, UP (**Member**)
- d) Mr. Sameer Dhingra, COMET Bulbs, Dehradun (**Member**)
- e) Director Technical, THDC India Ltd., Rishikesh/ Head Tehri Project (**Member**)
- f) Prof. S.K. Rathore, Professor, Rajasthan Technical University, Kota (**Member**)
- g) Mr. Pankaj Gupta, President, Industry Association of Uttarakhand, Dehradun (**Member**)
- h) Nominee by Vice-Chancellor, Uttarakhand Technical University. (**Member**)
- i) Director Technical Education (Ex. Officio) (**Member**)
- j) Prof. (Dr.) K.K.S. Mer, Director, IT Gopeshwar, Uttarakhand (**Member Secretary**).

Faculty Representation in Administration,

S.no.	Name of the Faculty	Designation and Department	Duty/Responsibility
1.	Mr. Pramod. Benjwal	Assistant Professor, ECE	Dean Administration, Dean Academics OIC College Time Table Nodal Officer- Finance (TEQIP)
2.	Mr. Vishwanath Bijalwan	Assistant Professor, ECE	TEQIP Coordinator Nodal Officer, AISHE
3.	Mr. Gaurav Upadhyay	Assistant Professor, ECE	Head, ECE Gate Coordinator

4.	Mr. Abhishek Chauhan	Assistant Professor, EE	Head EE OIC Library Nodal Officer, Centre for Innovation, Design and Start-ups Nodal, Intellectual Property rights Nodal Officer, AICTE related all works Nodal Officer, NPTEL
5.	Mr Abhishek Aggarwal	Assistant Professor, EE	Deputy Coordinator, TEQIP OIC Internship Nodal Officer, Twinning Activities
6.	Mr Ombeer Saini	Assistant Professor, EE	Nodal Officer Procurement TEQIP OIC Electrical Maintenance Nodal Officer, PMKVY
7.	Mr Suraj Singh Chand	Assistant Professor, Applied Science and Humanities	Proctor OIC Sports
8.	Mr Vinay Kumar Pandey	Assistant Professor, Applied Science and Humanities	Deputy Oic T & P
9.	Mr Sandeep Kandwal	Assistant Professor, ME	Nodal Officer, Academic TEQIP OIC Purchase (College), Oic Classroom OIC Civil and Mechanical Maintenance
			OIC Water Supply, Fire, Land Related Matters
10.	Mr Arun Negi	Assistant Professor, ME	Deputy OIC to all the charges under Mr. Kandwal
11.	Mr Hemant Chauhan	Assistant Professor, ME	Head ME Assistant Public Information Officer
12.	Mr Avinash P	Assistant Professor, CE	Head, CE Coordinator, Environment Management Framework
13.	Mr Pawan Kumar	Assistant Professor, CSE	Equity Coordinator Head, CSE
14.	Mr Amit Panwar	Assistant Professor, CSE	Oic College Internet Oic Industrial Interaction
15.	Mr Varun Prabhakar	Assistant Professor, CSE	OIC College Website
16.	Mr Dinesh Chauhan	Assistant Professor, ME	NBA Coordinator 1 (Civil), Oic T& P
17.	Mr Suraj Singh Chand	Assistant Professor, Applied Science and Humanities	Head, Applied Science and Humanities Dean Student Welfare
18.	Mr. Arun Uniyal	Assistant Professor,	Oic Exam

		ECE	
19.	Mr. Arvind Kumar	Assistant Professor, ECE	Nodal Officer UBA
20.	Mr. Jagnandan Negi	Assistant Professor, EE	Nodal Officer Community Services
21.	Mr. Ravinder Bora	Assistant Professor, ME	Deputy Dean Academic, NBA Coordinator 2 (CSE)
22.	Mr. Gaurav Maithani	Assistant Professor, ECE	NBA Coordinator 3 (ME)
23.	Ms. Meenu Chinwan	Assistant Professor, ECE	Deputy OiC Exam, Deputy T&P Officer
24.	Ms. Indu Patni	Assistant Professor, Applied Science and Humanities	Nodal Officer Finance College
25.	Mr Neeraj Gupta	Assistant Professor, ME	OIC Alumni OIC Personality Development
26.	Ms. Dona Soman	Assistant Professor, Applied Science and Humanities	OIC Cultural Activities Deputy OIC Personality Development

1.9 Financial Details

As per the balance sheet of financial year 2019-20, the revenue and expenditures are as follows,

- a) Total Revenue: 9,65,26,403.00/-
- b) Total Expenditure: 9,00,93,395.00/-
- c) Expenditures under TEQIP-III,

S.NO	Heads of Expenditure	Amount
1.	Procurement of Goods (under 1.1.1)	4,17,59,995/-
2.	Academic Process (under 1.1.2)	1,18,29,153/-
3.	Operating Cost (under 1.1.3)	28,76,902/-
4.	Faculty Reforms (under 1.1.4)	1,04,47,211/-

1.10 Central Library

Recently, the library is shifted to new building with state of art study environment, books, reading halls, E-Library (loaded with NPTEL lectures and E-books/EJournals). The institute subscribe the DELNET services for

providing E-Library facility to the students and staff. Moreover, we successfully complete the automation of our Central Library and soon the issue/return process is regularized through new system. Currently we have more than 19,547 books and we have purchased 2575 number of books in academic year 2019-20.

College has subscribed for e-Granthalaya is a Digital Platform developed by [National Informatics Centre, Ministry of Electronics and Information Technology](#), Government of India for Government Libraries for Automation of In-house activities as well as member services and Networking for resource sharing. On this platform, NIC provides a complete ICT solution with integrated Library Management Software, Digital Library Module, Cloud hosting environment and a Library Portal (OPAC) with NICS I empaneled Roll-out Services and support. e-Granthalaya is useful to transform traditional libraries to e-Library with Digital Library Services and to provide various online member services using Single Window Access System. Latest version of e-Granthalaya i.e. Ver.4.0 is a 'Cloud Ready Application' and provides a Web-based solution in enterprise mode with a centralized database for cluster of libraries. The ICT solution is well compliance with International standards prevalent in Libraries with use of latest ICT technology and Cloud hosting. e-Granthalaya 4.0 uses PostgreSQL - an Open Source DBMS as back-end database solution and is made available in NIC National Cloud (Meghraj) for Government Libraries on request basis with hosting of application and databases for online access.

Library Account has been created for using e-Granthalaya 4.0 Online hosted in NIC National Cloud with the Following Details:

LIBRARY CODE: ITGPSR

USERCODE: ITGPSR

Your Library Cluser is: उच्च शिक्षा विभाग, उत्तराखंड सरकार

Fig.4 Central Library

1.11 Gymnasium and Yoga Center

In order to join students and staff with fitness thread the institute take an initiative to establish a common Gymnasium and Yoga center. This center helps the students to keep their fitness in congruent with their studies and with the help of yoga they can release their stress of studies.

Fig.5 Institute Gymnasium

Every year we are in process of adding new facilities and centers which not only improves the quality education but also helps us to carve a quality human being.

Section 2

“Departments and their Profiles”

2.1 Department of Civil Engineering

Department for Engineering include Environmental Engineering, Building Material Science, Engineering, Geology, Fluid Mechanics, Civil Engineering Drawing, Surveying1, Mechanics of Solids-1, Hydraulics and Open Flow Channel, Advanced Surveying, Soil Mechanics, Structural Analysis-1, Engineering Hydrology, Mechanics of Solids-2, Soil and Rock Mechanics, Structural Analysis-2, Design of Concrete Structure-1, Transportation Engineering-1, Design of Steel Structures, Design of Hydraulic Structures, Design of Steel Structures-2, Foundation Engineering, Transportation Engineering-2.

Academic activities of the Department emphasize on deep understanding of the fundamental principles on Civil Engineering, development of creative ability to handle the challenges of Civil Engineering and the analytical ability to solve problems which are interdisciplinary in nature. The Department also encourages its students to engage in extra-curricular and co-curricular activities, essential for their own personal development apart from nurturing team spirit and developing organizational skills. The faculty members of the Department are involved to explore new frontiers of breakthrough technical knowledge, recent inventions and discoveries. The findings through these researches on latest knowledge are being imparted to the students so that they are acquainted with the latest trends of the emerging engineering world.

Fig. 6 Permeable Pavement design by Fourth Year Students of Civil Engineering Department

Fig. 7 Students with their supervisors who design heavy traffic reduce system

Civil engineering branch deals with designing, surveying, constructing and maintaining structural works. The engineers of this stream learn methods to identify, consume sustainably and natural resources. It also includes the construction and supervision of things that public use in daily lives like buildings, roads, water pipelines, bridges, dams etc. and provides a better opportunity in career perspectives.

Civil Engineering Department has following advance laboratories for research work.

- ✓ Building Material and Construction Lab
- ✓ Building Planning And Drawing Lab
- ✓ Advance Surveying Lab

- ✓ Concrete Lab
- ✓ Basic Surveying Lab
- ✓ Soil Mechanics Lab
- ✓ Transport Engineering Lab
- ✓ Environmental Engineering Lab
- ✓ Structure Engineering Lab

2.2 Department of Mechanical Engineering

Mechanical Engineering is considered to be the core branch in engineering. You can work related to mechanical system design, analysis, manufacturing maintenance using fundamental Physics principle and offers analytical solution to problem using Mathematical model. The design of this course aims to provide the basics and analytical skills which give students valuable hands on industrial experiences.

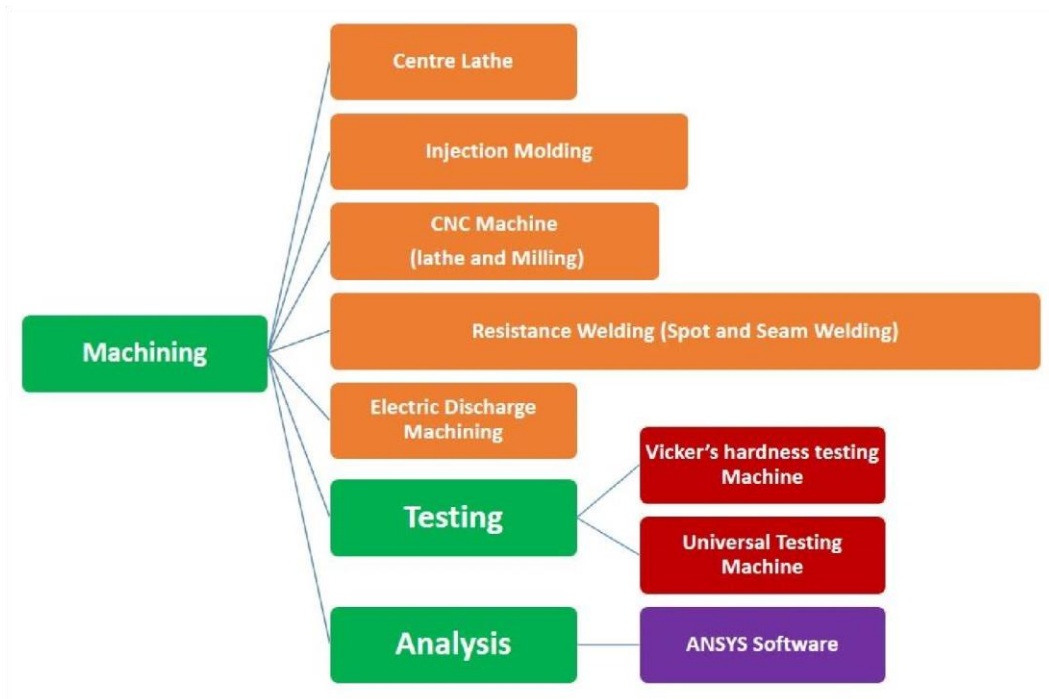

Fig.8 Department of Mechanical Engineering Lab Layout

Department of Mechanical Engineering successfully installed Automobile Lab. funded under TEQIP-III, this Lab enhances the practical knowledge of students related to engine and their parts. A CAD-Lab is setup in which student design their computational design of model and analysis.

2.3 Department of Electrical Engineering

Its vision is to be a catalyst in imparting quality education and conducting valued research for the benefit of society.

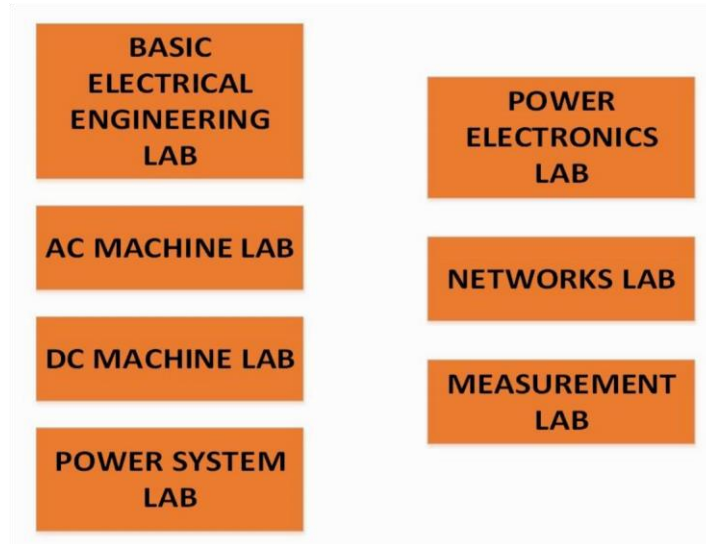

Fig.10 Flowchart of Department of Electrical Engineering Lab

Fig.11 Electrical Machine Lab

Some of our important areas of teaching are basic electrical, electrical machine, power electronics, measurement and instrumentation, circuits and systems, electric drives and power system. The vision of the department is to establish itself as a center of excellence in terms of research and teaching in its chosen area.

Fig.13 Electric Drives Lab (Recently Installed under TEQIP-III)

Recently, Department of Electrical Engineering installed Electric Drives Lab successfully, funded under TEQIP-III, this lab enables the student to study and practically observed the precise controlling of electrical machine by using power electronics circuits. As industry need the precise control of electrical machines for various applications, hence this lab observe a vital position in Electrical Engineering.

2.4 Department of Electronics and Communication Engineering

The department of Electronics and Communications Engineering was established in 2013. The program of the department is undergraduate course in Electronics and Communications Engineering. The department has laboratories equipped with latest software and hardware. Students of the department are working on projects based on recent development in Engineering and Technology. The department has adaptive teaching

learning process. Along with inviting industries participation in curriculum delivery, mentoring, summer internships and industrial visits the department provides the best a student should receive. The department provided a departmental library with latest, books, magazines & journals.

- a) **Basic Electronic Engineering Laboratory:-**This laboratory supports different experiments on diodes, transistors, FETS, amplifiers, OPAMPS etc. which enhances the fundamental ideas about Basic components and circuits of Electronics.
- b) **Analog Communication Laboratory:-**This well-equipped laboratory consisting of CRO, SMPS and various experimental blocks help in study of

AM, FM, ASK, FSK, PSK, PAM, PWM, TDM, FDM etc. **Analog Electronics Laboratory:** -This laboratory is specially designed to enhance the capability of student for designing basic analog. Like oscillators multivibrators, amplifiers, etc.
- c) **Digital Electronics Lab:** - Well equipped with discrete components and IC's, commonly used in industries.
- d) **Microprocessor and Microcontroller Lab:** - In this laboratory students get their first exposure on the programming of basic microprocessor like Intel 8085, 8086. Also applications like interfacing many peripheral elements like display, motor etc. can be done via various up tool bits.
- e) **DSP Lab:** - MATLAB Software readily available in all computers.
- f) **Microwave lab:** - Two port network parameters such as s-parameter, yparameter, VSWR measurements etc.
- g) **Analog Integrated Circuit lab:** - Analog integrated circuits laboratory design course leverages the student's knowledge in the fundamentals of electrical engineering circuit design through the design, analyze, simulate, build breadboard, and testing of an analog integrated circuit.

- h) **Optical Fiber Communication Lab:** - Optical fiber based communications systems are working today in the Telecom, Railways, Defense, Industrial Automation and Medical industries or sectors.
- i) **Printed circuit Board lab:-** This lab mainly includes equipment and machines to produce multi-layer plated-through Printed circuit boards (PCBs), to insert leaded and surface mounted devices.

Fig.14 Microwave Lab

2.5 Department of Computer Science and Engineering

Computer Science has the power to change the world. This course offer a flexible and fascinating programs for the students who wish to acquire high skills in computers & applications, all supported by world class staff and facilities. The curriculum provides the students with a technical perspective on major issues of computer application, programming, languages and web enabled services.

- ✓ Number of laboratories- 06
- ✓ Number of computer system in lab- 180
- ✓ Number of students in CSE department- 134
- ✓

3.3 Unnat Bharat Abhiyan

Unnat Bharat Abhiyan 2

UBA ITG Team has done detailed household survey of village Bandwara on dated 28 Dec 2018 and. Detailed discussion was carried out with Gram Pradhan and Sarpanch about the village problems and their plans for the developments Visited Primary School (lighting and black board facility are not so good) also interacted with public, youth of different cast (OBC,SC and others) and discuss Water Problem in Village no proper water management and depend only natural source.

MEDICAL AND EDUCATIONAL CAMPAIGN IN VILLAGE KATHOUD.

The main objectives of the work to be carried out by the ITG (Institute of technology Gopeshwar) team in this village is providing the students with educational kits and making them aware about new technologies and improvements by our Honourable Director Sir. Discussion of how students in village should organize their career path. Like which education institute to join. And guide them how to get into higher educational institutes. Also make discussion of how to battle the fear of COVID-19, and what appropriate measures to take.

MEDICAL CHECKUP AND PROVIDING EDUCATIONAL KITS TO STUDENTS

Our Institute organised a medical camp for the people of the village to assist them with their health and medical needs. Medical services are essential for everyone, and there should not be any barrier for anyone. Our institute provided people with medical supplies: like Hand sanitizers, Dettol Anti-septic liquids, Medicines for mild cold or fever, Sanitary pads, Bandages, Blood pressure check-ups.

Fig 23 Faculty Members discuss problems with village administrations
Students and children were provided with educational kits and classroom accessories which included stationary kits and books. Books and writing materials were also provided to needy students and children

3.4 Swayam (NPTEL)

Institute have NPTEL Local chapter since 2017, and in academic year 2019-20 there are about 28 successful certifications are observed. Students as well as faculty members are also go through various courses,

3.5 Intellectual Property Rights

We recently introduced intellectual property cell as per the AICTE mandates, this cell works in collaboration with center for innovation, design and startup, which leads students to take their prototype towards the acquisition of intellectual property rights like, industrial design and patenting. This center helps students to document their prototype and financial assistance is given through TEQIP-III.

As in the time of corona virus spread in all over the world due to this there are millions of death in the world because of this so many preventive inventions designed and in process of patents such as

- a) “A structure for a liquid dispenser ” based on hand sanitizer without touching sanitation material(sanitizer bottle or hand wash bottle).

Name of the inventor

- i) Mr. Sandeep Kandwal
- ii) Prof. Krishnkant singh Mer

Patent no. 202011033698 Dated: 06/08/2020 which is under process.

- b) **Product 1:** *20-Watt Smart UV Sanitization Chamber for Offices and Shops*

Features and Control:

- ✓ A 260 nm and 20-Watt UVC light is used for disinfecting things like documents, wallet, mobile phones, vegetables, pantry items and apparels on which the spray of disinfectant is not possible.
- ✓ Voice Control
- ✓ Control remotely through internet and time of ON/OFF can also be controlled remotely.

- ✓ Take about 35-60 second cycles for disinfection.

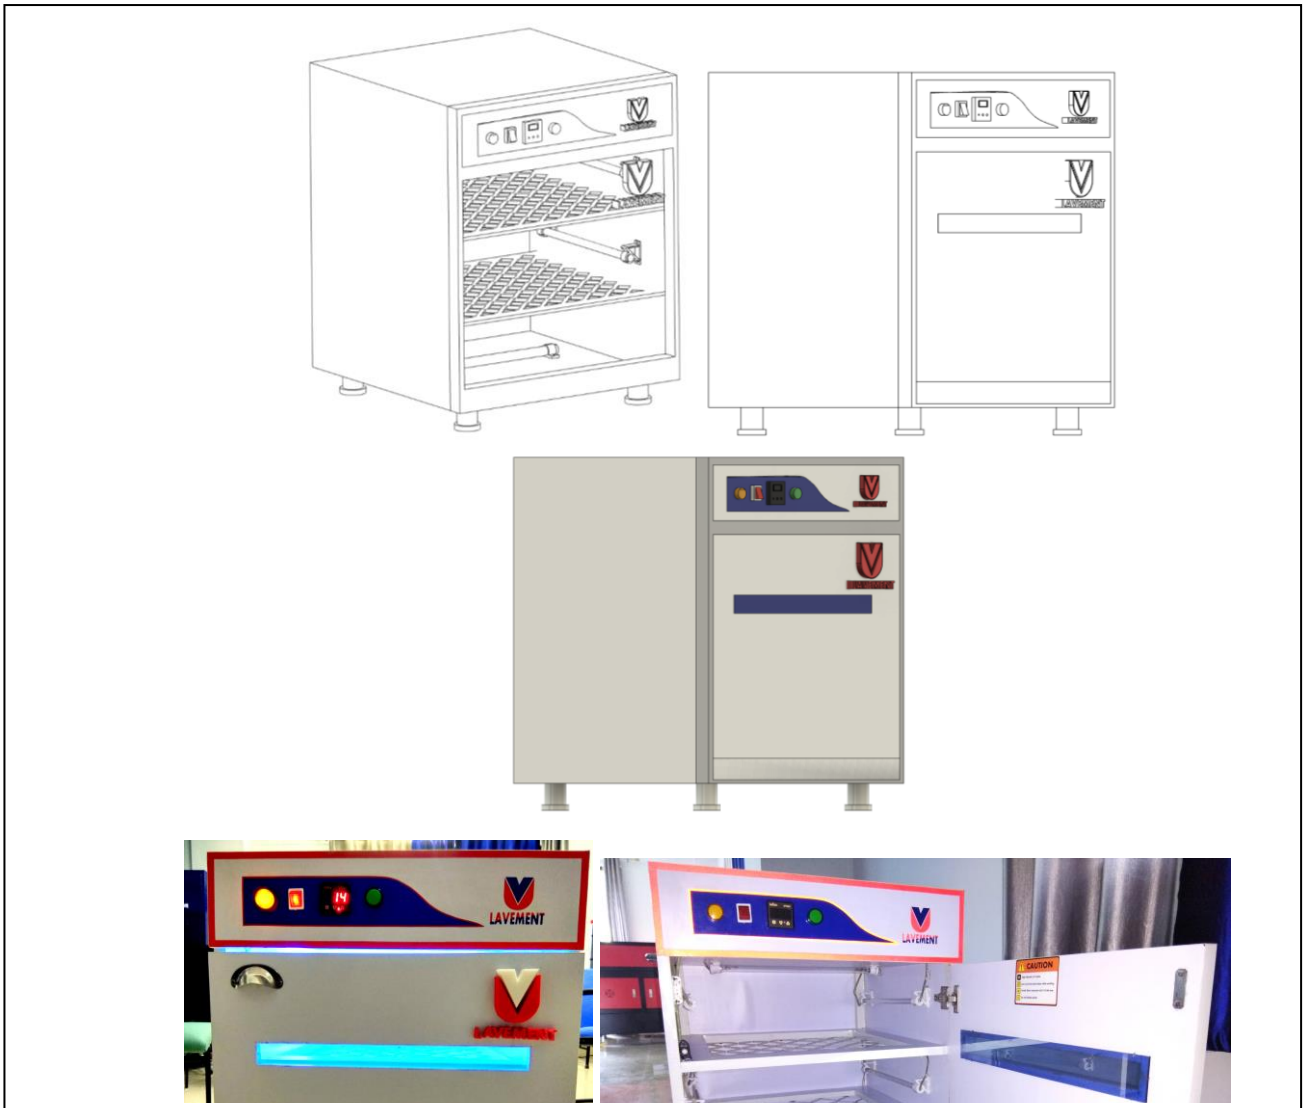

c) **Product 2:** *120-Watt 40 Liters UV Sanitization Chamber*

Features and Control:

- ✓ A timing circuit is added in the product, with which the time can be adjusted as per the UV dosage required.
- ✓ Safety switch is employed on the door, with which if accidentally the user opens the chamber during working cycle, it automatically trips the chamber, and after closing the chamber the cycle starts from where it left.

- ✓ A large capacity chamber for large goods, with 360-degree UV projection.

d) **Product 4: Low cost Face Shield**

Features:

- ✓ Low cost spill proof face shield.
- ✓ Can be recycle and reuse after disinfection.

Actual Product Manufactured

(About 1600 Face shields are supplied free of cost to the Hospitals, Quarantine Centers and State Disaster Wing)

Applications under Intellectual Property Rights:

The institute also taken this forward under IPR and applied for trademark and design registration.

1. TRADEMARK REGISTRATION OF UV CHAMBER

Trade Name: UV LAVEMENT

Class: 9

Application Number: 4571163

2. DESIGN REGISTARTION OF UV CHAMBER

Class: 10

Application Number: 331145-001

Section 4

*“Industrial Connect, Memorandum
of
Understanding and Campus
Placements”*

4.1 ICC and MoU with Industry

The fields of engineering and technology undergo changes every day, and we need to keep up with their requirements. Students need to have skills required by the industry. There has to be a constant dialogue between educational institutes and the industry. With a view to training high-level researchers and practitioners with the skills and knowledge necessary to solve today's global/regional/local environmental problems, Institute of technology, Gopeshwar has established an MOU with the Industry/organization/institution that will further the individual student's education and develop the practical skills he or she will need for his/her future career. In this process Institute of technology, Gopeshwar has successfully signed MOU with a Few Industries.

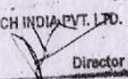

1. MoU between INSTITUTE OF TECHNOLOGY,
GOPESHWAR And AdvanceTech India Pvt. Ltd'

In WITNESS WHERE OF, the parties here to have executed this MOU in their corporate names by their respective officers duly authorized, on the respective dates hereinafter mentioned.

Section 5

“Initiatives Towards Quality Improvement of Technical Education under TEQIP- III”

The Project, Third phase of Technical Education Quality Improvement Programme (referred to as TEQIP-III) is fully integrated with the 12th Five-year Plan objectives for Technical Education as a key component for improving the quality of Engineering Education in existing institutions with a special consideration for Low Income States and Special Category States (SCS) and support to strengthen few affiliated technical universities to improve their policy, academic and management practices. Improving quality and equity in engineering institutions in focus states viz. 7 Low Income States (LIS), eight states in the North-East of India, three Hill states viz. Himachal Pradesh, Jammu & Kashmir, Uttarakhand and Andaman and Nicobar Islands (a union territory (UT)).

- ✓ System-level initiatives to strengthen sector governance and performance which include widening the scope of Affiliating Technical Universities (ATUs) to improve their policy, academic and management practices towards affiliated institutions, and
- ✓ Twinning Arrangements to Build Capacity and Improve Performance of institutions and ATUs participating in focus states.

5.1 PDT Trainings, Conferences, Trainings, Workshops and Short Term Courses attended under TEQIP-III by Faculty and Students

As per point no. E2 for TEQIP Performance audit, this is to be certified that 25 out of 32 (78.13 %) faculty members have attended various trainings under TEQIP-III, during the Academic year 2019-20.

5.2 Induction Training for First year Students

Induction training is organized by the institute for first year students, this training helps the students to acclimatize with the environment where they have to spend next four years. This type of trainings enables the students to prepare themselves for the best about to come while pursuing their engineering programme.

Fig. 29 Students visit with faculty members during induction program

Various activities like painting, folk, yoga, innovation related activities, drama, acting, photography, clean your locality drive and trekking are the events that are covered by the institute during the induction programme.

5.3 NBA

The National Board of Accreditation (NBA) is one of the major bodies responsible for accreditation of higher education institutions in India. NBA in its present form came into existence as an autonomous body with effect from 7th January 2010, with the objective of Assurance of Quality and Relevance of Education, especially of the programs in professional and technical disciplines, i.e., Engineering and Technology, Management, Architecture, Pharmacy and Hospitality, through the mechanism of accreditation of programs offered by technical institutions. Institute Of Technology, Gopeshwar has successfully registered on NBA portal for accreditation. The institute is going to apply for accreditation in four branches namely computer science and engineering, civil, electrical and mechanical engineering soon. Institute has appointed coordinators for each branch for monitoring the progress of NBA related works.

5.4 GATE Classes

As GATE examination is one of the way to highlight the technical understanding of the program by the students, and leads them towards their higher education and placements. Institute organized a GATE training session through THE GATE ACADEMY (Empaneled by NPIU) for 4th year students from September 2019- January 2020. Undermentioned students qualify the GATE examination 2020,

S.No.	Name of the Candidate	Branch	Registration number	Marks	AIR
1.	Tanya Koranga	CSE	CS20S68014014	37.67	5860
2.	Rakshit singh aswal	CSE	CS20S68014031	33.67	8537

5.5 Employability Skill training

Institute of Technology Gopeshwar conducting 200 Hrs. Employability Skill Training Program for 205 students of B.Tech 4th Year under Technical Education Quality Improvement Program (TEQIP-III) from March 2019 to 3rd September 2020, aiming to improve managerial skills, communication skills, team working skills, leadership skills, and entrepreneurial skills of the students. This Training session is organized by the “Universal Education Bengaluru”.

The Training course covers quantitative aptitude, logical reasoning, verbal aptitude, GD & PI and resume writing. The training session begins on March 13, 2019 & was completed in 3rd September 2020 in four phases (delay due to covid-19 pandemic).

S.NO	BRANCH	1 ST PHASE (HRS)	2 ND PHASE(HRS)	3 RD PHASE(HRS)	4 TH PHASE(HRS)	TOTAL HOURS COMPLETED
1	EE	60	67.5	17.5	55	200
2	CSE	60	67.5	17.5	55	200
3	ECE	60	67.5	17.5	55	200
4	ME	60	67.5	17.5	55	200
5	CE	60	67.5	17.5	55	200

The training was conducted in 4 phase. First & second phase was conducted on offline mode while third & fourth phase was on online mode (**GO TO MEETING APP**).

Employability Test (AMCAT Test) was organized for B. Tech students at IT Gopeshwar on 03-05 December 2018.

The scores of 7th semester students in employability test were quite amazing and significant, and mentioned below,

S. No.	Name of Student	Enrolment No.	AMCAT Score
1.	Gaurav Bijalwan	158470415105852	420
2.	Sabir Ansari	158470415838037	420
3.	Prtaeek Rauthan	158470415815973	260

85.	Ashish Manral	158470415103313	207

5.6 Twinning Activity under TEQIP III

Institute of Technology have University Institute of engineering and Technology Kurukshetra as Twinning partner for the 3 year TEQIP project. The objectives are as below:

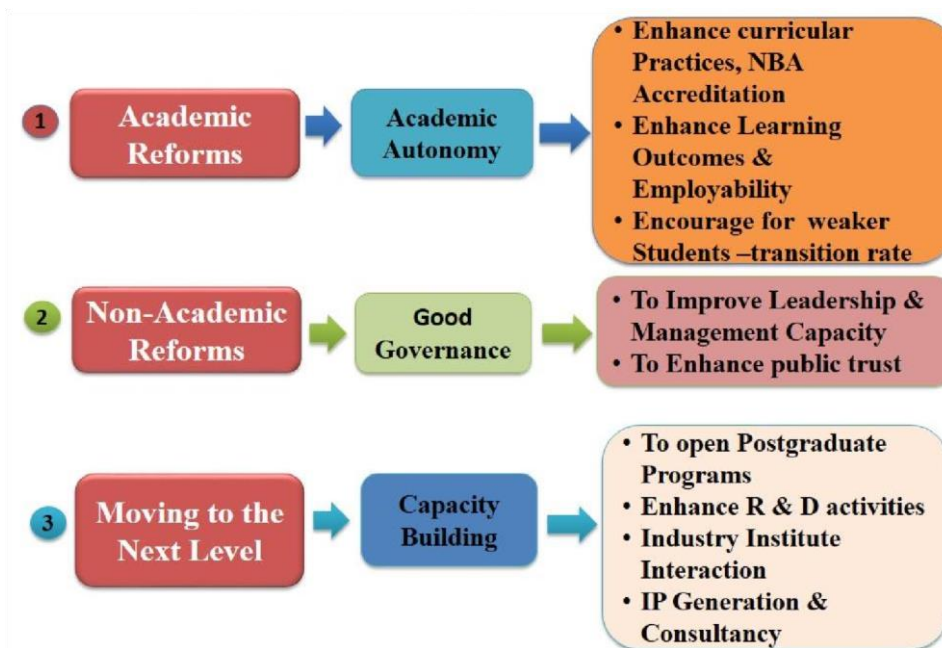

Fig. 30 Objectives of Twinning Twinning Activities

Following are the visits, meeting and program under twinning program,

S No.	Date	Name of Participants	Activity Name	Brief Description
1	02/02/2019	Mr. Vishwanath Bijalwan, Mr. Abhishek Aggarwal, Mr. Arun Negi	IT Gopeshwar Faculties Visited Mentee Institute KUK.	IT Gopeshwar Faculties Visited Mentee Institute KUK.
2	23/02/2018	Mr. Rahul Sagnal , Mr. Divyaprakash	TEQIP-III Funded Soft Skills Competition	UIET organized "Communix" a soft skill competition Sponsored by TEQIP
3	13 th -16 th April 2018	IT Gopeshwar Faculties and Mentee Institute.	UIET Kurukshetra Five Members visited IT Gopeshwar	Five Members Mentee Institute visited IT Gopeshwar
4	16-17 October 2018	Dr. K. K. S. Mer	Visited Mentee Institute Under TEQIP-III	Both Institutes that they will work together and speed up twinning activities

5	17-21 September 2018	All faculty IT Gopeshwar	Three days NBA Workshop at IT Gopeshwar,	Mentor College /Twinning College visited IT Gopeshwar.
6	18-02-2019	Mr. Abhishek Chauhan (EE)	Twinning Review at AICTE Head Quarter, New Delhi.	A Twinning review meeting is call by NPIU for TEQIP-III Institution to highlight the Duties.
7	25 -27 Feb 2019	Dr. Gaurav Upadhyay and 11 Students	Two Days Workshop of "Graphene based device fabrication and Characterization"	11 Students of ECE 3rd year Visited UIET Kurukshetra
8	15/03/2019	Mr. Vinay Kumar Pandey, Mr. Amit Kumar and 24 Students	Pool Campus UIET Kurukshetra	Pool Campus UIET Kurukshetra
9	03-02-2019	Vishwanath Bijalwan, Pramod Bijalwan	Twinning Activity	Present achievements issues with mentor institute
10	07-03-2019	Vishwanath Bijalwan, Pramod Bijalwan	Minutes of meetings on Twinning Activities Under TEQIP -III	Minutes of meetings on Twinning Activities Under TEQIP -III
11	15-06-2019	Arun Uniyal, Mrs. Meenu Chinwan, Kuldeep (exam cell), Rajesh Kumar (Exam cell)	Exam Cell Academic Reforms Meeting	Academic reforms meeting in the Exam Cell of IT Gopeshwar held on 13th June 2019
12	14-06-2019	All Faculties of ITG	OBE Workshop	Outcome Based Education (OBE) workshop
13	15-06-2019	All Faculties of ITG	NBA & SAR	Discussion on NBA and SAR preparation
14	13 th -15 th June 2019	Director	Report on visit Director UIET with Director ITG	Report on visit Director UIET with Director ITG
15	17 th -20 th June 2019	Mr. T L Shah, (Finance Advisor) Durga Prasad, (Asst. Accountant) Savita, (clerk office) Rajesh Dobriyal, (exam clerk) Kuldeep (exam clerk)	Meeting with Office Staff	Meeting with Office Staff for Smooth functioning and up gradation of the Institute

16	12 th -14 th June 2019	Mr. Ram Kumar Mr. Manoj Dubey Mr. Raviendra Tomar. Mr. Pawan Kumar Mr. Pawan Kumar Ranga	Visit ITG Gopeshwar	They Interacted with various faculties and staff members of the Institute
----	---	---	------------------------	--

5.7 Sanctioned Projects

A collaborative research scheme is an initiative by AICTE under which faculties of the institute registered their proposal after reviewing various proposal from various institutes the undermentioned project is selected for further funding.

Project Title	Graphene Oxide Nanocomposite Proton Conductors for Durable and Efficient High Temperature Polymer Electrolyte Membrane Fuel Cells.
Principle Investigator	Dr. Vinay Pandey Assistant Professor, Applied Sciences (Chemistry) IT Gopeshwar
Project Application No.	1-5748563901
Project total budget	25,00000 INR

Co-Principle Investigator

Name	Details
Dr. Krishan Kant Singh Mer Professor	Director, Institute of Technology, Gopeshwar Kothiyalsain, Chamoli (Uttarakhand)-246424 Contact: +919412957015, E-mail: kksmer@gmail.com

5.8 Environment Management Framework (EMF)

The Environment Management Framework is one area in the Institute where considerable improvement have achieved in the mentioned timeframe.

The Different Focus Area of EMF is as follows

a) Drinking Water and Sanitation

Drinking water problem was rectified by purchasing Pure it water filters of 20 l capacity for every offices and departments.

For students use , water coolers have been installed in all buildings through procurement, TEQIP III.

- Quality of water stored in the overhead tank of the Institute was analysed by the Department of Civil Engineering . The Test Report was submitted to SPIU Uttarakhand on their instruction

The Ladies toilet is equipped with a napkin vending machine and an attached incinerator for disposing off the used sanitary napkins

Water connection is enabled in the required laboratories and a drainage system for enabling the waste water disposal is adopted . The used water is well diluted for its chemical nature before disposal to ensure the durability of plumbing fixtures.

b) Barrier Free Access

All the three buildings in the campus are provided with ramps , to make it more friendly for students and others with physical limitations for movement. Toilets and classrooms are also provided on Ground Floor as per NPIU norms for accommodating such students if any.

c) Solid Waste Management

Waste bins are provided inside and outside of the building to facilitate the staff to use it.

Collected wastes are transferred to Waste bins provided by the Municipality in the locality

d) Electrical Safety

An Energy efficiency Audit is conducted by the Department of Electrical Engineering.

We have provided gloves , shoes , safety kits and other safety aids to the Electrical laboratories to ensure safety of students and staff while working on them

The campus is equipped with 4 generators (3 , of 20kVA and 1 of 50 k VA capacity) and a 250kVA Automatic Voltage Regulator for providing uninterrupted supply of power during the functional hours.

e) Laboratory Safety

All the laboratories are provided with First Aid boxes to ensure safety of health

Charts displaying the safety precautions and instructions are displayed in all laboratories in the campus

f) Fire Safety

- All the buildings and laboratories are provided with sufficient number of fire extinguishers
- A water tank is also maintained for fire fighting purpose
- Fire safety audit is conducted every year and our certificate is renewed after inspection by the Fire safety Authority
- Refilling of fire safety cylinders is done periodically and purchase of new apparatus is done as per the needs

g) Energy Conservation

- Energy Conservation was given a great priority by the Institute .administration
- The campus is lit by 24W LED, 100 V Solar Panels with 75 Ah battery

h) Water Conservation

- As the topography of the location of campus is sloping providing easy drainage of rain water there is minimal wastage of water in the campus.
- The gardeners in campus dig trenches during rains to channelize the flowing water to the gardens for irrigation purpose

i) Innovation

- For better learning atmosphere in classrooms Institute has allotted two smart classrooms for every departments.
- The overhead Projector facility in these rooms enables multimedia usage for academics
- Proper signages are installed to mark the different department offices.
- All laboratories and classrooms are provided with Vision and Mission Statements of the concerned Department.
- Innovations for Community out Reach
- The Mechanical Engineering Department has made foot operated sanitizer machines in the campus and it was presented to the district administration of Chamoli to contribute for the fight against Covid 19
- The Centre for Innovation and Start-ups have made face shields for the health care professionals of the locality in contribution to the fight against Covid 19
- The Centre for Innovation and Start-ups have made an apparatus Covid Eye which can automatically measure the body temperature
-

Fig 2. Waste bins in campus

Fig 3. Fire fighters installed in laboratory campus

Fig 4. First aid boxes installed inside

“Conclusion defines the end in one’s
prospect, but every time the end came
with a new
foundation, if the zeal of building is
focused where determination hold you on
ground certainly the victory prevails”
